1. I am coming and I am coming in glory. I am coming in glory the world knows nothing of. I am coming in the fashion and form of Me. And My glory will split the clouds, the clouds of reason, the clouds of doubt, the cloud of thinking that has clouded Me out of the reality and reason that I exist. Yea, I come and I call and I conquer doubt, I conquer unbelief, and I come in those who will let Me, who will let Me be them, who will surrender, surrender all to My love, surrender to My fashion and form; surrender to Me and fearless be. I love you.

2. My buildings arise.
My temples not made with hands arise.
My temples not made with hands arise now with infrastructure of only Me, Me being My infrastructure, Me being My infrastructure; Me being truth, truth being My infrastructure. Yea, no rivets required. I love you.

3. Truth taints not but glorifies, glorifies My Father, magnifies the gloriousness of the gloriables that He created to magnify His glory and operate in all of His glory; yea, as equals being with Him, not two-tiered.

4. I love you and I give you Me; I give you all of Me; flights many now into the unknown, the uncharted, navigation with only Me. I am the guide, I am your guide, there is no map; you now making. Thank you. You now make the maps which bear My name, cartographer of only Me. Cartographer with Me as I cartographer with you and we cartographer together and cartographers make, mapping the fullness of Me in the fullness that I am. I love you and I give you Me; all of Me see.

5. Behold The Priesthood of All Believers coming forth in magnanimousity; yea, Priesthood as I designed; yea, the Priesthood I resigned not from; yea, but now replete in the fullness of My vocality, My vocal-hood. Yea, tensile strength of My vocal chords; yea, of My Me being Me, speaking that which truth is. I love you. Good day.
